<ul style="list-style-type: none"> • Institute systems for learner, assessment and verification are unified. • Qualified Assessors must be used for all assessment. • Learner’s achievement is evidenced and recorded. • Learner is included in the assessment decision making process. • Assessment of learner’s achievement is evidenced by best practice. • Assessment takes into account diversity and language differences. • Assessment of learner’s achievement is tracked and recorded. • Learner will be able to compile their portfolio using their preferred technology. • Assessment uses valid, fair, authentic and reliable practice and reduces barriers to assessment. 	<ul style="list-style-type: none"> • Evidence collection makes efficient use of assessment opportunities and work production. • Licensed Vocational Verifiers must be used for all verifications. • Verification of learner’s achievement is evidenced by best practice. • Verification of learner’s achievement is tracked and recorded. • Standardisation of assessment and verification processes are evidenced • Evidence of sharing of learner, assessor and verifier best practice. • Evidence that complaints are addressed, recorded and solved effectively. • National Industry Sector Classification Code (SIC) to classify units and qualifications as per the guidance in the QFEmirates handbook.
Assessing and grading	
<p>This qualification is a knowledge, skills and application qualification. Assessment should, where possible, take a holistic approach. Assessment in one unit can be used as the assessment for another, if the assessed piece of work covers the criteria in the units. Assessment must be accessible for learners and the process of assessment as simple as possible. Learners must demonstrate competence by producing a portfolio of evidence.</p> <p>This qualification is examined in two ways: assessment of performance and underpinning knowledge. All performance is assessed by an assessor against the performance criteria and recorded in the Cumulative Assessment Record. Competence recognises all qualification requirements have been achieved. Not yet competent means all requirements have been attempted but yet to be achieved, insufficient evidence means all requirements have not been attempted. Underpinning knowledge is examined that more than 80% of the predetermined marking criteria should be met.</p> <p>This qualification is internally assessed by qualified Assessors and verified by Qualified Internal and External Verifiers of Approved Provider status institutions. Simulations in assessment are not recommended will require prior approval from the External Verifier.</p>	
Learner evidence	
Learners must demonstrate knowledge and skill achievement in a presented portfolio.	
Integrated assessment	
Opportunities for integrated assessment are possible between units 1, 2, 3, 4 and 5.	

Risk in assessment

The learner's work environment needs proper management and risk management analyses. The following risks will be observed in the training, assessment and verification phases:

- health and safety
- stressing the learner
- inauthentic evidence/collation/unjustifiable support to the learner
- over-assessment
- potential of unfairness to the learner
- failing to meet assessment strategy of a qualification.

Appeals procedure

In the event that a learner judges that he is being unfairly considered in the assessment or verification process he has the right to appeal using the recognised appeals procedure and documentation (not included in this submission).

In the event that an assessor judges that he is being unfairly considered in the assessment or verification process he has the right to appeal using the recognised appeals procedure and documentation.

Unit information

Unit description of content

This unit is about identifying safety procedures in an office environment, following safe practice and reporting an incident in an office environment.

Information for learning and achievement

This unit is a knowledge, skill and application unit (KSA). Learners must attempt all aspects of the unit requirements and demonstrate achievement in all aspects of evidence requirements. It is strongly advised that learning and development of knowledge and associated skills be referenced to real vocational situations in the workplace. Evidence must be at the level required by the unit standard and all related criteria. Candidates must contribute to group work by playing a role of both individuals as well as team members in varied roles and parts in group activities. Groups must perform as a group but individuals within the group must perform different tasks to demonstrate achievement of evidence requirements.

Assessment strategy

Assessment of the evidence requirements, to confirm that learning outcomes have been met, is considered holistically where evidence in one unit or learning outcome may provide the evidence for other units and learning outcome.
This qualification is examined in two ways: assessment of underpinning knowledge and performance.
Underpinning knowledge is examined so that more than 80% of the predetermined marking criteria must be met. Performance is assessed by an assessor in the workplace against the performance criteria and recorded in the Cumulative Assessment Record. ‘Competent’ recognises all unit criteria have been achieved. ‘Not yet competent’ means all criteria have been attempted but yet to be achieved, ‘insufficient evidence’ means not all criteria have been attempted.
This qualification is internally assessed by qualified Assessors and verified by Qualified Internal and External Verifiers of Approved Provider status institutions. Simulations in assessment are not recommended and will require prior approval from the External Verifier.
Assessment can include role play, scenario setting, use of drama, presentations, written material, notes, checklists, lists, statements, comparative charts, and diagrammes.

Recording and storing of learner achievement

Keep evidence of learners’ work in the centre for up to one year.
Encourage learners to maintain learning logs and evidence of professional development.
Ensure learners maintain portfolios of work as evidence of achieving learning outcomes.

Unit information		
Unit description of content		
<p>This unit is about identifying communication in the workplace, sources of information, lines and types of communication, use of communication skills in the workplace, listening, speaking, questioning, follow instructions in the workplace, identify when instructions have been given, follow instructions, and knowing who to inform when instructions have been completed.</p>		
Information for learning and achievement		
<p>This unit is a knowledge, skill and application unit (KSA). Learners must attempt all aspects of the unit requirements and demonstrate achievement in all aspects of evidence requirements. It is strongly advised that learning and development of knowledge and associated skills be referenced to real vocational situations in the workplace. Evidence must be at the level required by the unit standard and all related criteria. Candidates must contribute to group work by playing a role of both individuals as well as team members in varied roles and parts in group activities. Groups must perform as a group but individuals within the group must perform different tasks to demonstrate achievement of evidence requirements</p>		
Assessment strategy		
<p>Assessment of the evidence requirements, to confirm that learning outcomes have been met, is considered holistically where evidence in one unit or learning outcome may provide the evidence for other units and learning outcome.</p> <p>This qualification is examined in two ways: assessment of underpinning knowledge and performance. Underpinning knowledge is examined so that more than 80% of the predetermined marking criteria must be met. Performance is assessed by an assessor in the workplace against the performance criteria and recorded in the Cumulative Assessment Record. ‘Competent’ recognises all unit criteria have been achieved. ‘Not yet competent’ means all criteria have been attempted but yet to be achieved, ‘insufficient evidence’ means not all criteria have been attempted.</p> <p>This qualification is internally assessed by qualified Assessors and verified by Qualified Internal and External Verifiers of Approved Provider status institutions. Simulations in assessment are not recommended and will require prior approval from the External Verifier.</p> <p>Assessment can include role play, scenario setting, use of drama, presentations, written material, notes, checklists, lists, statements, comparative charts, and diagrams.</p>		
Recording and storing of learner achievement		
<p>Keep evidence of learner’s work in the centre for up to one year. Encourage learners to maintain learning logs and evidence of professional development. Ensure learners maintain portfolios of work as evidence of achieving learning outcomes.</p>
